# Classtone

**'Classically principled, expertly executed'**

**Marbles, granites and quartz are the most exalted of all stones. Sophisticated, stylish and achingly cool, these materials are steeped in history, as essential to classical civilisation as they are to modern architecture.**

**Elevating and enriching any design, Classtone offers a contemporary, yet faithful, collection of natural stone patterns. With unrivalled attention to detail, richness in colour and advanced performance characteristics, this collection has timeless appeal.**

**Available in both matte and polished finishes, the Classtone collection mimics the real material but delivers enhanced resistance qualities, which guarantee a greater degree of performance and longevity.**

"Principios clásicos, ejecutado por expertos"

Los mármoles, los granitos y los cuarzos son las piedras máspreciadas. Sofisticados, elegantes y extremadamente frescos, estos materiales están cargados de historia, tan esenciales para la civilización clásica como lo son para la arquitectura moderna.

Elevando yenriqueciendo cualquier diseño, Classtone ofrece una colección contemporánea, aunque fiel, de patrones de piedra natural. Con una atención inigualable al detalle, la riqueza en color y las características avanzadas de rendimiento, esta colección tiene un atractivo atemporal.

Disponible en acabados mate y pulidos, la colección Classtone imita el material real pero ofrece cualidades técnicas mejoradas, que garantizan un mayor grado de rendimiento y longevidad.

# Fusion

## 'The shock of the new'

**The Fusion collection is the result of our designers' quest to blend traditional and contemporary. Neolith, a relatively new material to the market, is looking to both classic style and emergent trends, creating a collection which showcases our conceptual creativity. These unique patterns playfully reference materials found in the natural world, with a modern twist.**

**Incorporating the industrial, the organic and the futuristic, the Fusion collection offers an interpretation of Neolith which will inspire, excite and entice.**

## "El Shock de lo nuevo"

La colección Fusion es el resultado de la búsqueda de nuestros diseñadores para combinar lo tradicional y lo contemporáneo. Neolith, un material relativamente nuevo para el mercado, busca el estilo clásico y las tendencias emergentes, creando una colección que muestra nuestra creatividad conceptual. Estos diseños únicos hacen referencia a los materiales encontrados en el mundo natural, con un toque moderno.

Incorporando lo industrial, lo orgánico y lo futurista, la colección Fusion ofrece una interpretación de Neolith que inspirará, entusiasmará y seducirá.

# Iron

## 'The evolution of metal'

**Iron behaves in a unique way, at one time shiny and gleaming and at others, rusted and patinated.**

**Neolith's iron surfaces deliver a singular and highly original look which celebrates the dual aspects of this material. These richly detailed designs, some subtle and others vibrant, reflect an understanding of modern aesthetic tastes.**

**The Iron collection mimics the real material but delivers enhanced resistance qualities, which guarantee a greater degree of performance and longevity.**

## "La evolución del metal"

El hierro se comporta de una manera única, al mismo tiempo brillante y reluciente, y en otros, oxidado y patinado.

Las superficies Iron de Neolith ofrecen un aspecto singular y muy original que celebra los aspectos duales de este material. Estos diseños ricamente detallados, algunos sutiles y otros vibrantes, reflejan una comprensión de los gustos estéticos modernos.

La colección Iron imita al material real pero ofrece cualidades de resistencia mejoradas, que garantizan un mayor grado de rendimiento y longevidad.

# Colorfeel

**'The ultimate definition'**

**Colour, from the vivid to the subdued, accents everyday life. Capturing the perfect hue can be difficult, but Neolith's designers have invested heavily in research and development to create a range of high-definition, colourful surfaces.**

**From the subtle to the dramatic, there's something to suit all tastes. Full body, full vibrancy, full of character.**

**"La última definición"**

El color, desde lo vivo a lo tenue, acentúa la vida cotidiana. Capturar el tono perfecto puede ser difícil, pero los diseñadores de Neolith han invertido mucho en investigación y desarrollo para crear una gama de superficies coloridas de alta definición.

Desde lo sutil a lo dramático, hay algo para todos los gustos. Todo el cuerpo, plena vitalidad, lleno de carácter.

# Timber

**'The natural selections'**

**Natural wood, although beautiful, has always been difficult to specify for certain interior and exterior applications.**

**Its high porosity makes it unsuitable for any environment in which there are large amounts of water and its susceptibility to staining means extra special care needs to be taken when using it as a surface.**

**Neolith has pioneered a faithful and hyper-realistic range of slabs which solves this problem. This means you can have wood-effect surfaces throughout the house with all the physical and mechanical advantages offered by Sintered Stone.**

**Unlike natural wood, Neolith's Timber collection requires zero maintenance or treatment to enhance its performance or improve its resistance. This means that it can handle the rigours of everyday life without any wear and tear.**

"Las selecciones naturales"

La madera natural, además de bella siempre ha sido difícil de especificar para ciertos interiores y exteriores.

Su alta porosidad la hacen no apta para cualquier entorno con humedad y su susceptibilidad a mancharse requiere un cuidado especial cuando se utiliza como recubrimiento.

Neolith presenta unas tablas hiper-realistas que solucionan este problema. Esto significa que puedes instalar superficies efecto madera por toda la casa con todas las ventajas físicas y mecánicas de la piedra sintetizada.

La colección Timber de Neolith, al contrario que la madera natural, no necesita ningún mantenimiento para mejorar su rendimiento o resistencia.

¡Olvídate de desperfectos y desgaste por el uso del día a día!

DETAIL WINTER DALA SILK

# Steel

**'Bold and beautiful'**

**Synonymous with high strength and reliability, steel offers a clean, reassuring and sophisticated aesthetic. Its enduring popularity as a work surface in professional kitchens inspired Neolith to create the Steel collection.**

**One of steel's main flaws when used as a worktop is its tendency to scratch, stain and tarnish easily, necessitating regular replacement.**

**Neolith answers this problem directly, offering a faithful interpretation of the metal whilst also delivering the resistant qualities of Sintered Stone.**

**Influenced by the work of top designers, including Jean Nouvel, Neolith Steel is a 'metal' which will not vary with time.**

"Llamativo y bello"

Sinónimo de alta resistencia y fiabilidad, el acero ofrece un limpio, tranquilo y sofisticado aspecto. Su duradera popularidad como superficie de cocina profesional inspira a Neolith a crear la colección Steel.

Uno de los puntos débiles del acero inoxidable en encimeras es su tendencia a rayarse y ensuciarse fácilmente necesitando mucho mantenimiento.

Neolith responde a este problema directamente ofreciendo una fiel interpretación del metal con las propiedades de la piedra sintetizada.

Influenciado por los trabajos de artistas como Jean Nouvel, Neolith Steel es un "metal" que no cambia con el paso del tiempo.

# Sinks Fregaderos

**Neolith conceived the kitchen world as an environment in which design and functionality coexist together with elegance and durability.**

**The Neolith Kitchen Lounge line, provides a more comprehensive and minimalist concept incorporating Sinks, made of the same material as the kitchen countertop.**

**Using Cutting-edge techniques, the material is curved to achieve progressive drainage slopes designed to facilitate the rapid evacuation of water (in accordance with the UNE-EN 14527 standard) and also achieves resistance to temperature changes, making it durable and suitable for cleaning (in accordance with the UNE-EN 13310 standard).**

**Neolith Sinks, an element of extraordinary features that present an integrated and functional kitchen concept.**

# Edges Cantos

The bigger the radius the better it will withstand impacts but it will also show more of the base colour of the slab. In areas with a high risk of impact (sinks for example) a 2 mm Radius Edge is recommended; it is the best option between aesthetics and durability.

The edges portrayed here can also be applied on mitered edges.

Cuanto mayor sea el radio, mejor soportará los impactos pero también se mostrará más el color base de la tabla. En áreas con un alto riesgo de impacto (por ejemplo fregaderos) se recomienda los 2 mm de canto del radio; siendo ésta la mejor opción entre estética y durabilidad.

Los cantos retratados aquí, también pueden aplicarse a inglete.

RECOMMENDED EDGE SECTION  
SECCIÓN DE CANTOS RECOMENDADA

Pont joint / Canto a testa

Reversed Bevel / Canto "pico de flauta"

Eased Bevel / Canto pilastra

Polished edge / Canto pulido

Mitered edge / Canto a inglete

12 mm Edge / Canto 12 mm

# Gallery

**The 2021 Neolith collection is composed of 57 different models that are grouped in 6 collections. Most of those 57 models are available in more than one finish and thicknesses and even some of them have Bookmatch and Endmatch options.**

**For not getting lost in this wide variety of possibilities that the Neolith 2021 catalogue offers, we introduce this updated version of the already popular Neolith Gallery were all references are included.**

La colección 2021 de Neolith se compone de 57 modelos agrupados en 6 colecciones. La gran mayoría de esos 57 modelos están disponibles en más de un acabado y espesores distintos e incluso algunos de ellos disponen de opciones Bookmatch o Endmatch.

Para no perderse entre la gran variedad de posibilidades que ofrece el catálogo Neolith 2021, presentamos esta versión actualizada de la ya popular Neolith Gallery donde se incluyen todas las referencias disponibles.
